8.	Cost of Hand holding and support team at HO and District Locations – <b>Part 7</b>		
9.	Cost of Training		
<b>Grand Total (Rs.)</b>			

Note:

1. The cost of the above parts should be matched with the breakup of each component mentioned in Part.
2. Taxes are extra as applicable
3. For financial evaluation, price of sr. no. 1 to 9 will be considered. The no. of manpower mentioned for hand holding support is for evaluation purpose only. The actual requirement of handholding support may vary time to time. The payment of the same will be made as on actual requirement and deployment.
4. The license cost of COTS Product asked in financial bid serial no. 3 is for 30,000 users. The unit price of the same will be calculated accordingly as under:

Unit Rate = Quoted Rate for 30,000 users/30000

- The similar method for calculation of unit rate for ATS/AMC for 8 years will be applicable.
- For licenses up to 30000 nos.: bidder has to provide the unit quoted rate i.e. Unit Rate = Quoted Rate for 30,000 users/30000
- For purchase of additional licenses quantity from 30001 to 50000, bidder has to provide 50% discount on unit quoted price on incremental quantity
- For purchase of additional licenses quantity from 50,001 and above bidder has to provide 80% discount on unit quoted price on incremental quantity
- The same will be applicable to AMC/ATS for 8 years also.

5. \* The licenses for DR will be counted 30% of the quantity and price quoted for DC. \*For financial evaluation 30% price of price quoted in line item 4 (part 3) and line item 7 (part 6) shall be taken counted for DR Site. As and when DR made operational by Government of Gujarat, the DR licenses maximum up to 30% may be separately ordered and successful bidder is required to deliver and install the same. The payment for the DR shall be made based on the actual licenses ordered and installed maximum up to 30%. Other than licenses payment no additional payment shall be made to bidder for O & M of DR Site.

**Example:**

- Suppose the grand total of item 1 to 9 is 1000 and the price of item line item 4 (part 3) is 100 and line item 7 (part 6) is 150 rs than final price for financial evaluation will be  $1000 + 100*30\% + 150*30\% = 1075$
