Technical Bid Evaluation:

Technical Bid will be assigned a technical score (Tb) out of a maximum of 100 points as per the TEC. **Bidders with technical score of 70% and above will qualify for the evaluation in the commercial process.**

The technical score would be normalized on a scale of 100, with highest score being normalized to 100 and the rest being awarded on a pro-rata basis. Such normalized

scores would be considered for the purpose QCBS based evaluation, explained in selection 1.1.9

Commercial/Financial Bid Evaluation:

The Commercial bid of those bidders who qualify in the technical evaluation will only be opened. All other Commercial bids will not be opened. The Commercial bids (**as per the formats provided in Section 6**) of the technically qualified bidders will be evaluated as per the evaluation criteria mentioned below:

The lowest evaluated Financial Proposal (Fmin) will be given the maximum financial score (Fn) of 100 points. The financial scores (Fn) of the other Financial Proposals will be computed as per formula for determining the financial scores given below:

$$F_n = 100 \times F_{min} / F_b$$

Where, Fn = normalized finance score for the bidder under consideration

Fb = absolute financial score for the bidder under consideration

Fmin = minimum absolute technical score obtained by any bidder

Final Bid Evaluation:

Proposals will be ranked according to their combined technical (Tn) and financial (Fn) score using weights (**T = 0.70 the weight given to the Technical Proposal; P = 0.30 the weight given to the Financial Proposals; T+P=1**).

The combined technical and financial S = Tn X T + Fn X P

The agency achieving the highest combined technical and financial score will be invited for negotiations.

2.5 Earnest Money Deposit

- a) An EMD of **Rs.3,00,000/- (Rs. Three lacs only)**, in the form of DD drawn in favor of Gujarat Informatics Limited, Gujarat, payable at Gandhinagar and must be submitted along with the Proposal.
- b) Proposals not accompanied by EMD shall be rejected as non-responsive

- c) Earnest Money Deposit (EMD) shall be refunded to all the unsuccessful bidders within one month after award of the work to the successful/suitable bidder on a written request
- d) The EARNEST MONEY DEPOSIT shall be forfeited:
 - 1. If a Bidder withdraws its bid during the period of Bid validity specified by the Bidder on the Bid Form;

4.3 Current Challenges:

Currently, all these applications work in silos. The information is spread across all these applications & their respective databases, resulting in following major challenges;

2. Difficult for senior officials and policy makers to understand the larger holistic picture since compilation of distributed information is difficult due to non-standard data formats for each application.
3. Duplication and distribution of data across applications leads to difficulty in ensuring data integrity and validity, apart from resulting into duplicate efforts for capturing and maintaining the same data.
4. Redundancy in business process execution puts extra burden on officials. Since, each application handles related business processes in a manner restricted to its own functioning; lack of any standard enterprise business process management leaves gaps in terms of overall integrity & control over processes apart from resulting into extra efforts.
5. Though each application provides for its own reporting capabilities, they are limited to pre-defined formats, filters and data associations. It's impossible to generate ad-hoc reports, test the data points based on various parameters and reach to any conclusive intelligence, without putting in a major effort every time.
6. Current information generation also faces a problem of distribution and availability for wide variety of data consumers. It is restricted by its formats, form factors that they support and networks on which they rely.
