

**RFP for development of GPS based Vehicle Tracking System for Office of the  
Commissioner of Geology & Mining (CGM)  
Tender no: SW27062017138**

**CORRIGENDUM 2**

In the financial bid, we have asked for help desk support engineer cost i.e. for 24×7 – i.e. 3x3 = total 9 manpowers.

However, in corrigendum issued earlier, we have asked other manpower for operation related services and supervisor for help desk support.

We would like to clarify that except help desk support engineer, we have also given minimum requirement to be covered in operation and maintenance activities. Hence, bidder may propose additional required manpower to meet SLA including any changes / addition to be done during the contract period for operation and maintenance activities. There shall not be any extra cost for change request during the contract period.

The same has to be quoted in separate price bid **item no. 5** and the bifurcation shall be given in subsequent price bid format (**Part-3**) for operation and maintenance.

The format of bifurcation of financial bid- part 3 is as under. The bidder has to add category of manpower required during the O&M period in the given format.

**Part 3: Cost of Operation and Maintenance support including Change requests for Application for four (4) years of O&M after one (1) year of warranty period.**

Sr. no.	Category of manpower	Total Manpower Qty	Man-month Rate (Rs.)				Total Cost for each of the year after warranty period of one year				Total Cost without tax (Rs.)
			Y1	Y2	Y3	Y4	Y1	Y2	Y3	Y4	
		A	B	C	D	E	F=A*B*12	G=A*C*12	H=A*D*12	I=A*E*12	J=F+G+H+I
1.	Project Supervisor / Dy. Project Manager (Working in general shift) – Minimum 1										
2.	Software Support Engineer – Minimum 2										
3.	IT Infra Support Engineer– Minimum 1										
4.	Supervisor Engineer– Minimum 1										
5.	---										
6.	----										
7.	----	----	----								
<b>Total Amount</b>											

Note: The bidder shall mandatory give the rate of atleast above four categories of manpower for O&M with minimum quantity asked (The bidder need to copy and paste above four category in part-3- break up sheet). The bidder may propose additional required manpower to meet SLA including any changes/addition to be done during the contract period for operation and maintenance activities by adding the row.
