

<b>Response to Query dated 08.07.2025</b> <b>Bid for Procurement of GPU Compute solution for Gujarat State Data Center, Gandhinagar (GeM No. GEM/2025/B/5824041 dated 16.01.2025)</b>				
SR#	Bidding Document Reference (Clause)	Content of RFP requiring Clarification	Points of Clarification required	Responses to queries
1	Certification	The rack shall be from OEM having ISO9001:2008, ISO14001:2004, ISO 45001:2018 & ISO 50001:2018	<p>With reference to the above-mentioned tender, we have observed that a clause mandating ISO 50001 certification for the server rack manufacturer has been included.</p> <p>However, upon reviewing this requirement and after consulting with leading Indian and multinational rack manufacturers—including Rittal, Vertiv, WQ India, and others—we have found that most do not possess this certification for their India-based manufacturing facilities.</p> <p>We therefore request you to kindly consider amending this clause, or alternatively, share the names of manufacturers that meet this specific requirement, so that we may engage with them accordingly.</p>	Please consider ISO 50001 is omitted from rack specs.
