

Pre Bid queries received in Bid Number: GEM/2026/B/7159690

Sr. No.	Bidder Name	Bidding Document Reference (Clause /page)	The content of the RFP requiring	Points of Clarification Required	Final Submission
1	M/s Indra	Delivery of material, Completion of installation & commissioning	T1 = T0+60 days	<p>Due to the ongoing global RAM supply constraints and semiconductor availability issues, OEMs are currently facing challenges in committing to shorter delivery timelines for high-configuration workstations.</p> <p>In view of the above, we respectfully request the competent authority to kindly consider amending the delivery timeline for the workstation supply.</p> <p>We propose the revised delivery schedule as follows:</p> <p>Proposed Delivery Timeline: T + 120 days</p>	No Change, As per Bid/Scope of Work
2	M/s Indra	Eligibility Criteria (Pre-Qualification)	Past Performance:- The bidder must have successfully executed /completed at least one single order of Rs. 1,02,80,000/- or 2 Orders each of Rs. 64,25,000 or 3 Orders each of Rs. 51,40,000/-for same or similar product / services in last3 years to any central / state Government / PSU/Listed Company.	We respectfully request the competent authority to kindly consider extending the experience eligibility period from the last three (3) years to the last five (5) years.	No Change, As per Bid/Scope of Work
3	AMD India Private Limited	Annexure A Specification of Workstation Query for Fixed Computer Workstation (6 pieces)	Intel Xeon W series/AMD Ryzen Threadripper , Minimum 20 core or higher	<p>We request the department to kindly consider the following specifications.</p> <p>Intel Xeon W5 -3435x / AMD Ryzen Threadripper PRO 7955WX (16 Cores, 32 Threads) or Higher</p> <p>Workstation-grade processors from both AMD and Intel offer multiple options specifically designed for high-performance computing in a workstation form factor. These processors are optimized for demanding workloads, enhanced reliability, and sustained performance.</p> <p>Therefore, we request the department to consider approving workstation-class processors for this requirement.</p>	No Change, As per Bid/Scope of Work

4	<p align="center">Annexure A Specification of Workstation</p> <p align="center">Query for Fixed Computer Workstation (6 pieces)</p>	<p>No Of Cores : 20 core or Higher</p>	<p>We request the department to kindly consider the following specification: Number of Cores: 16 or Higher</p> <p>The AMD Ryzen Threadripper PRO 7955WX offers a base frequency of 4.5 GHz, which is among the highest available for processors with 16 cores. This level of performance is well-suited for the department's workload requirements, ensuring smooth handling of compute-intensive tasks and improved overall efficiency.</p>	<p align="center">No Change, As per Bid/Scope of Work</p>
5	<p align="center">Annexure A Specification of Workstation</p> <p align="center">Query for Fixed Computer Workstation (6 pieces)</p>	<p>RAM Type: DDR4</p>	<p>We request the department to kindly consider the following specifications: RAM Type: DDR5</p> <p>The latest and newer generations of processors support DDR5 memory, which delivers up to 50% higher bandwidth compared to traditional DDR4 memory. This increased bandwidth significantly improves performance, especially for memory-intensive workloads, enabling faster data processing and overall system efficiency. In view of these advantages, we request the department to consider DDR5 memory for the proposed configuration.</p>	<p align="center">No Change, As per Bid/Scope of Work</p>
6	<p align="center">Annexure A Specification of Workstation</p> <p align="center">Query for Fixed Computer Workstation (5 pieces)</p>	<p>Intel Xeon W series/AMD Ryzen Threadripper , Minimum 16 core or higher</p>	<p>We request the department to kindly review and consider the following specifications:</p> <p>Intel Xeon® w5-3425 / AMD Threadripper™ PRO 7945WX (12 Cores, 24 Threads) or higher</p> <p>Workstation-grade processors from both AMD and Intel offer multiple options specifically designed for high-performance computing in a workstation form factor. These processors are optimized for demanding workloads, enhanced reliability, and sustained performance. Therefore, we request the department to consider approving workstation-class processors for this requirement.</p>	<p align="center">No Change, As per Bid/Scope of Work</p>
7	<p align="center">Annexure A Specification of Workstation</p> <p align="center">Query for Fixed Computer Workstation (5 pieces)</p>	<p>No Of Cores : 16 core or Higher</p>	<p>We request the department to kindly consider the following specification: Number of Cores: 12 or Higher</p> <p>The AMD Threadripper™ PRO 7945WX offers a base frequency of 4.7 GHz, which is among the highest available for processors with 12 cores. This level of performance is well-suited for the department's workload requirements, ensuring smooth handling of compute-intensive tasks and improved overall efficiency.</p>	<p align="center">No Change, As per Bid/Scope of Work</p>
