This requirement is highly restrictive for bidders who comply with all bid terms and conditions but does not have such high experience. Further, as per the GeM terms and conditions, bidders can offer their own experience or OEM experience obtained either directly or through resellers. Hence, to allow wider participation of eligible bidders, it is requested that the department revise this clause and ask that the bidder/OEM (themselves or through reseller(s)) should have executed/completed experience of single order of 10% of the bid quantity.</p>	<p>No change in bid.</p>
